

Dear FCC,

I'm writing to you today as a distraught citizen outraged by Sinclair Broadcasting Group alleged plan to influence the upcoming election. As you may have already heard, Sinclair plans to broadcast anti-Kerry propaganda to help Bush with his reelection.

As the Federal Communications Commission, you must intervene to stop the use of TV broadcasting as a tool for politics. What has upset me is that Sinclair's alleged timing, 2 weeks before the election where they would pre-empt the local programming in order to spread biased attacks on another Presidential candidate.

FCC must do what is what created for and STOP  
SINCLAIR FROM FORCE FEEDING US PRO-BUSH  
PROPAGANDA.
